

English

For English this term, we are going to be using the text 'The Man Who Walked Between the Towers' and the animation 'El Caminante' to inspire our writing for the term. Our text is based on the real life story of Philippe Petit and is an exciting and interesting read.

Art

Our art this term will involve creating printing blocks to create a piece of Greek inspired artwork using our printing blocks. We will also be focussing on ancient Greek architecture and designing our piece of artwork based on The Parthenon.

Design Technology

This term in DT we will be looking at food and cooking. We will have a go at carefully and hygienically preparing some Greek inspired food and tasting it!

Music

In music, we are going to be thinking about the history of music. We will look at the different periods of music throughout history and identify features of music from these periods.

Maths

This term in maths we will be learning fractions, decimals and percentages at the start of the term and then progressing onto looking at length, mass and capacity towards the end of term 4.

Religious Education

In RE this term we are continuing to ask ourselves 'What Would Jesus Do?' and can we still live by the values Jesus believed in today.

Year 5
Term 4

Physical Development

This term, 5CW will be starting their swimming lessons. 5KC will be going to Nova Hreed for their PE lessons this term.

History

History will be all about The Ancient Greeks this term. We will look at Greek theatres and then explore a variety of Greek myths and fables.

Geography

This term in geography we are going to be looking at geographical similarities and differences between the UK, Greece and then finally comparing these two countries to America. We will also use atlases to locate different countries in Europe and cities within them.

PSHE

In PSHE this term we will be thinking about 'Healthy me'. We will explore how food and substances can impact on health and how we can look after our bodies.

Computing

Computing this term will be digital literacy. We will be looking at what a search engine is, how it works and how we can effectively use a search engine. Our online safety focus this term is health, wellbeing and lifestyle.

Science

For science this term we will be learning about properties and changes to materials. We will look at different properties of materials and how materials can change. We will be conducting lots of fun experiments as part of science this term to help explore these changes of materials.
