

We are going to be looking at capacity. Can you find different containers at home and measure how many millilitres (ml) or litres (l) they hold?

Using all the skills we have learnt in our art lessons, please create your own masterpiece of an Indian animal. (remember all the work we have done in class for ideas!)

George made a marvellous medicine in his home. Can you make a marvellous cake in your home? Show you know how to weigh things and make your class friends some delicious cakes. These can be brought in throughout the term. You could think about crazy ingredients, but make sure they are tasty!

We are looking at plants and what they need to grow. Can you plant a seed over the half term holidays and look after it throughout term 6 thinking about what it needs to grow? We would love you to bring them in at the end of term.

What is your favourite book? Can you write a book review telling us about why it is your favourite book? Think about the characters, the setting and the story line. Is it funny or scary?

Squirrel Class

Pick and Mix Homework

Term 6

Create a poster / PowerPoint / picture to tell us about your most favourite memory of your time in Year 2. 😊

We all love to get outside in the sun, can you create your own game / exercise to play with friends at playtime?

All work to be returned on Monday 4th July and shown to parents on 6th July at 3.25pm.

Essential Homework

To be done EVERY DAY!

Read for 10 minutes

Learn and practise your spellings.

Practise your 2x, 5x, 10x tables
